# OUR PRODUCTS

## HELACLOUD SDS

Automate and accelerate the processing of supplier safety data sheets (SDS).

- + **Time savings:** Automated extraction and plausibility check for your incoming SDS.
- + **Easy to use:** Preview, review and edit SDS data on the spot.
- + **Supportive:** Compares SDS with your ERP data.
- + **Updates your SAP system** and archives SDS.
- + **Cloud-based application** hosted in Germany.

## HELA4 COMPLIANCE

SAP Fiori-based tools to digitalize & automate your Compliance Processes

### HELASITE

Seveso-compliant storage of hazardous substances. Monitor permissible quantities.

### HELAFLASH

Migration & maintenance of Product Compliance data from one stop.

### HELAMARKET

Display and publish the marketability of your products.

### HELAWEB

Search, display and publish SDS without accessing the ERP system manually.
